U.S DEPARTMENT OF COMMERCE

Embassy of the United States of America Berlin, Germany

U.S. Commercial Service

March 15, 2022

Dear Mission Participants and Honored Guests,

Thank you for participating in the 2022 Virtual Certified Trade Mission for the leading Blockchain & Digital Assets Investors in Germany. The U.S. Commercial Service at the U.S. Embassy Berlin and at the U.S. Consulate General Frankfurt are proud to have the opportunity to host you during this exciting event!

EU Member States are collectively the United States' biggest trading partner, and Germany, as Europe's largest economy, is at the heart of that relationship. German and U.S. companies are among the most important foreign investors in each other's markets. The deep economic ties between the U.S. and Germany are based on dynamic and growing trade and investment. While Americans have invested more than \$162 billion FDI in Germany, Germans have invested \$564 billion FDI in the United States – the third largest source of FDI in the United States in 2020.

Blockchain technology is one of the most widely discussed digital innovations that are currently transforming economies and societies. Both countries, the United States and Germany have recognized the potential of blockchain technology.

This trade mission will give you the chance to meet virtually with Germany and Europe-based investment partners. I am hopeful that this will translate into significant business opportunities for your firms. Commercial Specialist Michael Emde at the U.S. Consulate in Frankfurt will be your primary point of contact. Please feel free to reach out to him at Michael.Emde@trade.gov if he can be of any assistance with respect to your participation in this event.

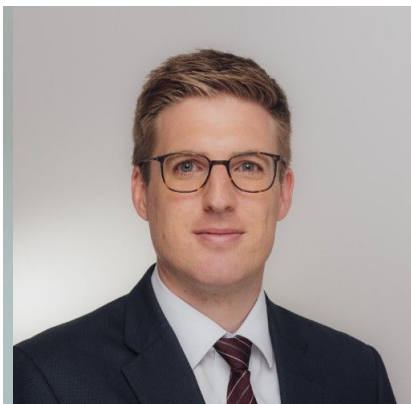

I wish you great success with your meetings. Likewise, we are at your service after the Certified Trade Mission's completion to assist with any follow-up that may be necessary with local contacts and to coordinate with future engagement with prospective investors and business partners.

Sincerely,

Minister Counselor for Commercial
Affairs & Regional Senior Commercial Officer
for Central Europe
